COUNCIL MEETING

Numerous topics of interest came up for discussion and action in the meeting of the village council, Tuesday evening, this meeting having been postponed a week.

A petition relating to use of city bricks for temporary side-walks on Cherry Street hill was submitted by the residents of that part of the town. The petition was referred to the Committee on Side-walks with authority to act.

The usual grist of bills were presented and allowed by the council. Several were disapproved, including one of the perennial statements of Mr. William Fields, for interfering the remains of two canines. Only half of the bill for the gutter repairs was allowed for the present; and a few others were held over or rejected.

Sidewalk repairs, pursuant to official notices issued some time ago, were reported by Mr. James to be progressing favorably. He reported also the contribution of \$125 by the County Commissioners to the expense of constructing the canal drain at Mulbury Street. Several more lot numbers and names were presented to Clerk Grove, for notification as to side-walks.

Plans of the H. V. Ry. Co., for the installation of sewerage for their property, were submitted and approved, and the official assent given to the enterprise.

Mayor Dollison was authorized to make arrangements for suitable voting places in the city for the approaching election, and certain proper places were mentioned, including the following: 1st Ward, Wright and St. Clair's; 2nd Ward, Payne's room adjoining the Rem-ple Bank; 3rd Ward, the City Building; 4th Ward, the skating rink building belonging to Thomas Shotwell.

At the request of Treasurer Pullen, the clerk was instructed to issue an order to transfer \$4944.76 from the general draw to the Sinking Fund.

The council recessed for a few minutes to discuss privately the election of a councilman to succeed Mr. Thurness. Mr. J. A. Nail was proposed, on their return, and elected.

After disposing of some other miscellaneous matters, the council adjourned.

Mayor Dollison called the meeting and as chairman stated the proposition for the Kerlin company.

The bonds are in denominations of \$100 and \$500 will be sold on cash disposal at \$90 and \$450 respectively or on the monthly installment plan of \$96 and \$470.
